2021 ▼

My Grocery Tracker is a web application that allows users to track their grocery purchases. It features a user account system, a purchase history table, and a popular items bar chart. The application is built using HTML, CSS, and JavaScript. The purchase history table displays the date, store, total amount, and options to view, edit, or delete each purchase. The popular items bar chart shows the frequency of purchases for different categories in 2021. The application also includes buttons for logging new purchases and creating shopping lists.
